

K-Love is more than a radio station. It provides spiritual inspiration, encourages non-chrisitans as well as christian people. I listen to K-Love all day long and so does my family. Other programing is not acceptable to me or my family. They provide prayer and counseling for people no one else will attempt to help. Our community will suffer if K-Love is taken off the air. PLEASE!!! Don't even consider removing it from our community. I and many others rely on a radio station that the whole family can listen to and turn to in times of trouble. Especially when no one else is willing to help. Also, they are available 24 hours a day. K-Love is more important then any other radio station on the air.
